When Cancer Hits
Close To Home, It's
Good To Know That's
Where We Are.

Convenience, Compassion and Comprehensive Treatment Options.

The Cancer Care Center at Marshall Medical offers the latest oncology treatments, in a location that's convenient to home. So you can receive the care you need without having to travel long distances.

As part of the Southeast Cancer Care Network, we provide the latest, multi-disciplinary techniques for both radiation and medical oncology. Each patient receives a customized treatment plan, delivered with compassion and true caring. In fact, our patients often comment on the caring environment at the Cancer Care Center – they note how much that helps as they face a challenging and life-changing process. We also understand the spiritual needs of our patients, which can play an important role in a positive, encouragement-oriented treatment plan.

No one wants to receive a diagnosis of cancer. But if it happens, we can help make the road to recovery a lot shorter. The Cancer Care Center, located at

Marshall Medical South, offers a convenient solution for respectful, state-of-the-art treatment. Cancer might be a battle, but we make sure you can fight it with a home field advantage.

Gerardo Arias, M.D. *Medical Oncologist*

Dr. Arias received his medical degree from Louisiana State University. He completed a pathology residency at Mount Sinai Medical Center in Miami, Florida. He also completed a residency in Internal Medicine at the University of Alabama School of Medicine in Montgomery, Alabama, and a residency in Hematology/Oncology at Tulane School of Medicine in New Orleans, Louisiana.

A resident of the southeast for more than 25 years, Dr. Arias is a member of the American Medical Association, American College of Physicians, Southern Medical Association, American Society of Clinical Oncology, and American Society of Hematology.

Tom Payne, M.D. *Board Certified Radiation Oncologist*

Dr. Payne received his medical degree from the Medical University of South Carolina in Charleston, South Carolina. He completed both his internship and residency at the University of Kentucky, Chandler Medical Center in Lexington, Kentucky.

Dr. Payne is a member of the American Medical Association and the American Society for Therapeutic Radiology and Oncology.
